The Inside Track on All Things Housing

Spring means cleaning time for TV at the Support Site

AFN's new building on the Support Site is a breath of fresh air. Gone are the dark hallways, cramped studios, and looming piles of equipment. Out with the old, in with the new—the move afforded AFN the opportunity to update their equipment and their programming. In preparation, the Housing Welcome Center replaced the cabling system on Support Site, which cleared up the reception and will allow a greater number of channels. AFN television service will provide six channels and numerous audio stations. Channels two through thirteen are reserved for AFN channels and future expansions, but the rest of the stations are available for Housing.

The nature of military life means multinational families and, occasionally, dependants that speak neither English nor the host country's language. Concern about the structural integrity of units and the appearance of the area means that personal satellite systems are not authorized in Support Site housing. However, department officials were aware that the dependents needed access to programming in their native languages.

Beginning sometime in April, stations with Greek, French, Spanish, Turkish, and Italian programming are coming on the air. Residents can access the channels through the regular cable system, but it will require a multi-system television set. The channels are not necessarily stable, and may go off the air without notice. The Housing Department will do its best to bring you further programming as it becomes available.

Are you Sponsoring an Incoming Military Member?

If you are sponsoring a new arrival, whether they are single or married, one of their first concerns will be where they will live. The Housing Welcome Center is here to assist you every step of the way.

Please contact us as soon as you know you are going to sponsor someone, and we will walk you through the steps for housing. It is important that we have information about your sponsorship as soon as possible so we can make plans to assist both you and them.

Our points of contact in Naples are Nancy at DSN 629-4438, Maria at DSN 629-4468, or Nunzio at DSN 629-4469. In Gaeta, call Tony at DSN 627-7812.

The policy is as follows:

Married E1 - E9 and O1-O4 will be directly assigned to government quarters—Housing needs information prior to their arrival so that we are able to meet their needs.

Married O5s have the option of moving into government quarters or looking for a home in the community.

Married O6s will reside in the community.

If your arrival is an unmarried E1 - E4, they will stay in either the BEQ or the Navy Lodge, depending on availability.

Single E5 - E9 will stay at the Navy Lodge while looking for a home in the community.

Community Bulletin Board

The grind of daily living gets to us all, sometimes. After a hard day of duty, work, or chasing after the kids, the last thing any of us want to see is garbage and vandalism in the common spaces. The majority of our residents take responsibility for their actions and that of their family, but unfortunately a small minority can create a large problem. The easiest course when confronted with others littering or vandalizing is, admittedly, to ignore it.

The costs of vandalism and carelessness are higher than they may seem. On a personal level, we have to live with the stress resulting from overflowing garbage bins or broken equipment in the playgrounds. It can create bad feelings and suspicion among neighbors, destroying the sense of community. Financially, vandalism especially has a subtler impact. Money that should be going to improving play equipment, creating picnic space, or buying bike racks instead goes to unnecessary cleanup or repairing existing facilities.

Becoming involved in your community by reporting incidents of littering or vandalism has its rewards. You are doing something worthwhile that positively impacts not only your family, but also everybody from your next-door neighbor to the person who lives in the farthest corner of the parco. You make the best use of Housing funds and ensure that money will be available for future improvement projects. You create a greater sense of security and increase pride in your living space. The appearance of our common spaces says something about us, not only to our visitors but also to our Italian hosts—your concern sends the right message.

If you see somebody putting garbage anywhere but within the designated containers or causing damage to property that rightfully belongs to all of us, please don't hesitate to contact your area coordinator or zone manager. Taking ownership of your home is nothing but admirable.

If you have information you would like to see on the Community Bulletin Board, please contact Housing Public Affairs Officer Jennifer Kalish at 629-4446.

Policy Reminder: Yard Sales and Public Events

Summertime means a chance to go out, meet your neighbors, and check out some of the things happening in our community. If you are interested in having a yard sale or any other type of community event, contact facilities manager Dave Fabiano as soon as possible. Getting Housing's permission ensures that your event complies with regulations and will go smoothly on your chosen day. Dave's office number is DSN 629-4290 and his cell phone number is 335-746-3750.

Recognized private organizations must get a different set of permissions before holding any events at military installations. To use public spaces, contact Morale Welfare and Recreation. Command sponsored groups must get permission from the Staff Judge Advocate before holding a fundraiser. To get command sponsorship for your organization, the group must be approved by the NSA commanding officer. Then the SJA reviews your constitution, bylaws, and financial history. Command sponsorship increases your access to the Naples community and allows you to advertise through official channels.

Area Coordinator Program Designed to Increase Resident Contact

The area coordinator program adds another resource to your building or neighborhood. The most senior military member in an area generally has the area coordinator designation, and he or she will appoint section leaders. An area coordinator is familiar with government housing regulations, can help start programs within your unit, assists in issues concerning common welfare, and should hold building meetings as often as necessary. If you have any questions or comments about the area coordinator program, contact Senior Chief Nate Stevens at 629-4412 or 335-762-1997.

Gym Hours

Feel like working out but the drive to Capo seems just a little too long? The high school gym at Support Site is available for basketball and other games from 1800 to 2100 Monday through Friday. The gym also has some free weights and cardio equipment available during that time. For those of you who like things a little more organized, MWR holds aerobics classes on Mondays, Wednesdays, and Thursdays or Tai Kwon Do on Tuesdays, both starting at 1800. For more information call the Fit Zone at 626-4264/4265.

We here at the Housing office understand that preventative maintenance causes some inconvenience for our customers, but regular maintenance protects the health and safety of your family as well as keeping the buildings and equipment in the best possible condition. The furnaces must be serviced twice a year at the beginning and end of the season to keep them running smoothly. Technicians will enter your home according to the following schedule, even if no one is home at the designated time. Work hours are from 0900 to 1300, and again from 1400 to 1800.
